

Statistics for Business Spring 2020
Exam 1 Feb. 20 100 points

CALCULATION DIRECTIONS: Carry all calculations to at least four decimal places.

1. Bubble Sheet:

- (a) Write and bubble your Name (last name, first name)
(b) Write and bubble your 8-digit Student ID Number (Begin in the leftmost box.)

2. Exam Booklet: Write the information below.

Name	Joe Student
Student ID Number	0 0 1 2 3 4 5 6
TA's Name	Brad
Discussion Time	8:30
Section Number	A03

3. Exam Locations (by Desk Chart): You must use the assigned desk in your assigned room to earn grading credit.

- Find assigned desk and room on Exams Page of the Stats website.
- Then use Room Maps to locate your desk within your exam room BEFORE the exam.
- Exam time is precious! Arrive early if possible. Find your desk quickly.
- You may use a calculator (but no cell phone or dictionary), pencil, and one sheet ($8\frac{1}{2}'' \times 11''$) of paper, front and back, of handwritten or word-processed notes. **You may not use two sheets, even if taped or stapled together.**
- There are **36 questions** on **18 pages**. a You have 90 minutes to complete the exam.
- The exam format is multiple choice. Circle the **single best answer** on the exam booklet and fill the corresponding bubble on the bubble sheet with a No. 2 pencil. Carefully erase any answers on the bubble sheet that you wish to change.
- The base score for the exam is 10 points. In addition, 2.5 points are earned for each question that is answered correctly on the bubble sheet.
- Check ICON Grades for scores. Exam software will email you a personal Exam Error List that shows which questions you missed and corresponding incorrect answers. To review exam, compare these to the exam solution posted on the Stats Website.

When finished, please put bubble sheet inside the first page of the exam booklet and deposit into box.
